

The background of the entire poster is a close-up photograph of chestnut husks (involucres) and green leaves. One husk in the center is partially open, revealing a dark, glossy chestnut nut. The husks are covered in long, reddish-brown spines. The leaves are green with serrated edges. The text is overlaid on this image.

# **NNGA & CGA Annual Conference**

**• Lansing, MI •**

**August 3rd-6th**

**Join us for 4 days of lectures,  
tours, research, and great friends!**

**Northern Nut Growers of America & Chestnut Growers of America**

# Join Us for the 2025 NNGA & CGA Conference!

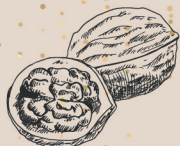

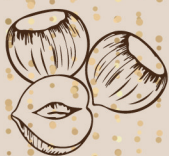

August 3-6, 2025 | Lansing, MI

Get ready for four nut-packed days of learning, networking, and hands-on experiences with the Northern Nut Growers Association (NNGA) and Chestnut Growers of America (CGA). Whether you're a grower, researcher, or nut & fruit enthusiast, this conference has something for you:

- In-depth technical sessions & panel discussions
- Lightning talks, field tours, and live demonstrations
- Industry-leading experts sharing the latest in nut growing & processing
- Social events, auction, and a grand banquet

## DON'T MISS THIS CHANCE TO CONNECT, LEARN, AND GROW IN THE NUT INDUSTRY!
